Every member of the game, including coaches and team managers present, **must** be recorded for the game on PlayHQ. It is particularly important that only those who are present are recorded as playing. Please do not add in players who are absent from the game.

Everyone who enters an SPBA venue must scan in via the QR code provided at the entry of our venues. If you do not have a phone with this capability, our stadium managers or Bio Safety Officers will manually enter your details for record keeping.

This scanning in process securely records contact details for 28 days of those attending our venues. This is for contact tracing purposes as well as acting as a confirmation that all who enter are aware of the SPBA Return to Basketball – Action Plan. Further information can be found at covidcomply.com.au, on our website or via notices posted in our stadiums.

At the completion of any activity, all participants need to leave the stadium as soon as possible. We have mandatory breaks in place between each activity and prompt departure will help keep our schedule running on time.
