RE: 2022 SPBA Board Nomination

To whom it may concern,

I would like to express my interest in maintaining my current board position for the Southern Peninsula Basketball Association.

Having had the opportunity to be president of SPBA for the past 12mths, I have been able to see first hand the impact that this club can have on a community. Working with the current board and our leadership team, I feel that we have been able to work together, elevate our offering and continue to challenge each other to improve.

As the leader of this board, I feel fortunate to have played a part in supporting many of the activities that we have undertaken that have enabled all parts of our community have access to our game.

Secondly, I feel that we have a lot of unfinished business. With the facilities projects underway, our holiday and development programs having record numbers and the growth of our representative team we have created pathways for our kids to develop their game, be amongst friends and celebrate their growth and success.

With the endorsement of our community, I would love the opportunity to continue my leadership and support of our association.

Should you have any questions or require any further information, please don't hesitate to give me a call to discuss.

Kind regards,
