

**Kelly Read**

I have been heavily involved in basketball in all facets, from playing to coaching, for the last 38 years, and have spent the last 2 years on our current Board, and I am hoping to continue to contribute and make a difference in our local association.

From running a domestic Basketball club, to actively being involved in our rep program, I bring to the table an ability to tie in the practical day to day requirements and a holistic approach from a club perspective.

I am also involved in the local football community and have ideas about how we can unify our sporting worlds so that all children have the ability to be able to play a variety of sports and still prosper.

My previous work life was in the corporate world and running the trust accounting and reporting at my own real estate agency, only stepping away to raise two independent and strong willed daughters who are currently heavily involved with SPBA.

I hope to be able to represent the members of our growing association from a domestic point of view and bridge the gap between rep and social leagues.
